Cooking Surfaces

ENT432BL, ENS436BL

PROCEDURE

From **September 15 to December 15, 2021** consumers will receive an instant rebate up to \$320 with the purchase of any qualifying Elica hood from an authorized dealer.

AG assumes 75% of the rebate cost. The retailer will contribute to the remaining 25% of the promotional discount. For instance, a \$175 rebate will lead the retailer to a \$131.25 credit note from AG. The consumer discount must always be calculated from the MAP.

At the end of the promotion, you will need to provide AG International with a copy of all invoices on which the promotion applied, **before December 31th, 2021**. The model number and the instant rebate must appear on each invoice to be applicable. The reimbursement will be done through a credit note. Any illegible and/or damaged invoice copy will automatically be rejected.

For any questions please contact your AG International inc. representative.

This offer cannot be combined with any other promotion
